Price adjustment 2010

Dear Sir or Madam

The eventful year 2009 is drawing to an end and we would like to thank you for your trust and successful cooperation.

Because of the continued difficult economic situation that will probably also affect the upcoming year 2010, we have taken the decision, not to make a general price adjustment. It affects only two production segments in which we need to make an adequate adjustment.

With the beginning of the **year 2010** there will be a price increase for

- all products made of **laminated glass with gold coating** + **1%**
- all products made of **polycarbonate (PC) with gold coating** + **3%**
- all products made of **cellulose acetate (CA)** + **3%**

The extent of any price changes in the field of trading goods, is at present not yet clear.

With regard to the current market fluctuations and raw materials as well as the currencies we reserve the right to change prices for individual products while adapting of 2010, but only when unavoidable necessity.

The 2010 price list as well as our payment and delivery terms will apply from 01. January 2010 for the next 12 months. Year framework agreements or contracts remain valid accordance with their conditioning and maturity. All other terms and conditions are invalid from the start of the new year.

For your understanding I am grateful in advance and remain

Yours sincerely

Rudolf Uhlen GmbH
